Follow UPS / Through ASPEN
On line Documentation for vision and hearing screening and follow up in ASPEN

• ASPEN : Found in the employee portal
• Click on Health resources link
• Click on Globe icon title health training resources
• Look for top tab titled Aspen Hearing/Vision Screening and click on it
• Select tutorial that pertains to your role in ASPEN

( Who uses Aspen ? District vision and hearing screeners, speech and language pathologists, school site follow up staff such as counselors)
Communicable Disease Surveillance and Reporting Procedures

- Common Childhood Diseases found in the M-DCPS Facilitator Manual
- Must Report Vaccine related illness outbreak such as mumps, measles, and pertussis (need medical provider documentation)
- State Reportable illnesses such as Tuberculosis, and Bacterial Meningitis
- Obtaining confirmation and assistance if necessary for contact investigations and assistance for school site personnel
- MRSA / influenza surveillance, and containment
- Integration with office of Disease Control at the Dept. of Health
When a parent/guardian reports an illness it is important to get supporting medical provider documentation to confirm the illness.

If the parent/guardian reports that the student is ill in the hospital please get the hospital name, day of admission and last day of school attendance.

This information must be placed on a communicable disease template scanned and e-mailed to wilmasteiner@dadeschools.net and vrobles@dadeschools.net along with the medical provider document if there is one.

For more information please refer to briefing # 16074.
Chronic Disease Management

Includes parents/guardians filling out specific action plans and medication authorizations for metabolic conditions including:

1. Asthma:

2. Diabetes:

3. Seizure Disorders

4. Severe Allergies

5. Cystic Fibrosis

6. When the documentation has been returned to the your school site please e-mail your request for a school site training to wilmasteiner@dadeschools.net or vrobles@dadeschools.net on the specific condition, (Do not send the documentation). Please include a contact person and contact number so that the school nurse from the health dept. can follow up. If you are at a Health Connect in Our Schools site. The nurse at your school will follow up.
The Miami-Dade County Health Dept. has requested that a record be kept of all students who visit the school clinic. The clinic log should be shared with the Miami-Dade County Health Department’s school nurse when she visits the school.
